

AGRICRACKER®

Multicracker Benelux B.V.

AGRICRACKER AC100

Technical Specifications

Capacity: 0 – 3 t/h throughput
Weight: ca. 200kg
Power: 5,5kW

Options:

- Sampling possibility
- Rotation sensor
- Temperature sensor
- Automatic adjustment
- Rotating sieve
- Pneumatic slide
- Feeder

Advantages

- Efficient processing of raw materials
- No heating of the product
- Wet and dry milling
- Completely made from stainless steel
- Compact construction
- Automatic adjustment possible

Applications

- Corn
 - Soybeans
 - Poultry feed
 - Wet corn
 - Wheat
 - Rapeseed
 - Pellets
 - Crumbs
 - And many more...
- Ask for the possibility's!
